www.naturen.pro

We are

Naturen, Norwegian for nature. An inspiring concept that evokes an ecological approach to our lifestyles. Benjamin, its founder, gave this name on his return from Norway, having lived in Bergen, the coastal city where he studied economics. Norwegians are respectful of their environment, but it's simply in their DNA.

Naturen creations in the service of the environment

Naturen started out designing and marketing portable ashtrays, with the idea of creating a stylish, ergonomic and practical ashtray that would provide solutions to the problem of pollution caused by cigarette butts constantly left unattended in the nature.

Waste management: from a pocket ashtray to the design of a foldable sorting garbage bins.

In 2014, the first prototype of a foldable and transportable sorting garbage was created. Foldable, compact, lightweight and customizable: Trinomad event sorting furniture is born. Naturen expanding its range of solutions with a new patented concept.

More than just a garbage, a sorting furniture.

Intended for companies wishing to furnish their interiors with particularly attractive sorting garbage. The Tri Uno and Tri Multi are modular, customizable aluminum sorting units. Lightweight and foldable, they are easier and less costly to transport.

Our units are made in France from 80% recycled aluminum.

The Naturen concept

100% FRENCH PRODUCTION
IN SHORT CIRCUITS WITH
EXCELLENCE PARTNERS.

A UNIQUE DESIGN

AN EXCEPTIONAL MATERIAL
MADE OF **80% RECYCLED**
ALUMINIUM.

GARBAGE BINS DELIVERED

Customization

That's how it works :

1 - Choose your model :
Tri Uno, Tri Multi, ...

2 - Choose your waste
pictogram and opening :
What type of waste you want to sort
and which opening is best for this ?

3 - Choose your customization :
Standard, Standard +, Premium or
Premium +

STANDARD

Corresponds to the aluminum garbage bin with a simple waste pictogram printed on the front and opening.
Available in our catalog on page 25.

HIGHLIGHTED
OPENING

naturen

YOUR
LOGO

STANDARD +

This option allows you to :

- add your logo on the front
- color-lined opening with the color of the pictogram
- customized color and shape of the waste pictogram.

PREMIUM

This option allows you to completely color the garbage bin in the color of your choice or another decoration (wood, marble, pictures...) from the Naturen customization catalog.

With the Premium option you can harmonize the garbage bin with your environment

TEXTURED EFFECT

PREMIUM +

Corresponds to the Premium option with an added relief.

We texture the decoration to make it unique. The wood becomes a wood with relief.

Colors are textured with refined, discreet and repetitive patterns in varnish for a unique and exceptional finish.

This is the highest level of decoration.
